

NEVADA TRANSPORTATION AUTHORITY

COMPLIANCE • TRAINING

For all Certificated Carriers or their Designees

Second Training Class will cover Vehicle Maintenance Files

The Nevada Transportation Authority is happy to announce a new training program developed to assist certified carriers to succeed in maintaining regulatory compliance. These refresher courses are intended to be informational and to review all compliance areas previously reviewed during the application process.

The training will be held approximately once a month with the course subject varying each time. Please check the NTA website, nta.nv.gov, for current information regarding these training classes.
